The location of the April 30, 2015 public hearing for the Jefferson County SO₂ Nonattainment Area Plan was incorrect in the notice we originally sent out. The correct location is:

April 30, 2015 Missouri Air Conservation Commission Meeting

Lewis and Clark State Office Building

1101 Riverside Drive

LaCharrette and Nightingale Creek Conference Rooms

Jefferson City, MO 65101

This information has been corrected in the complete public hearing notice below as well. I apologize for any confusion. If you have any questions, please feel free to contact me. Thanks.

MISSOURI AIR CONSERVATION COMMISSION
WILL HOLD PUBLIC HEARING

JEFFERSON CITY, MO -- The Missouri Air Conservation Commission will hold a public hearing on Thursday, April 30, 2015 beginning at 9 a.m. at the Lewis and Clark State Office Building, 1101 Riverside Drive, LaCharrette and Nightingale Creek Conference Rooms, Jefferson City, Missouri. The commission will hear testimony related to the following proposed action(s):

* Missouri State Implementation Plan Revision - Nonattainment Area Plan for the 2010 1-Hour Sulfur Dioxide National Ambient Air Quality Standard - Jefferson County Sulfur Dioxide Nonattainment Area

The main purpose of this State Implementation Plan (SIP) revision is to address Clean Air Act Amendments of 1990 (CAAA) section 172(c) and section 191(a) plan requirements as applicable to the Jefferson County 2010 1-Hour Sulfur Dioxide (SO₂) Nonattainment Area (NAA). The plan's main control strategy is the permanent shutdown of operations at the Doe Run Herculanum primary lead smelter in December 2013, as required by federal consent decree. The plan also relies on new SO₂ emission limits for the Rush Island, Labadie and Meramec Energy Centers, which will be enforceable through a 2015 Consent Agreement between the Missouri Department of Natural Resources and Ameren Missouri. The 2015 Consent Agreement also includes provisions for Ameren Missouri to install and operate ambient SO₂ monitors and meteorological stations around its Rush Island plant.

This SIP revision also addresses CAAA required elements, including a reasonably available control measures (RACM) analysis, a reasonably available control technology (RACT) analysis, reasonable further progress (RFP) requirements and contingency requirements. Multiple air dispersion modeling scenarios were evaluated in the determination that the area will demonstrate compliance with the 2010 1-Hour SO₂ National Ambient Air Quality Standard no later than October 4, 2018.

If the Commission adopts the action(s), it will be the Department's intention to submit the action(s) to the U.S. Environmental Protection Agency to be included in Missouri's State Implementation Plan.

Documents for the above item(s) will be available for review at the Missouri Department of Natural Resources, Air Pollution Control Program, 1659 Elm Street, Jefferson City, (573) 751-4817 and in the Public Notices section of the program web site <http://dnr.mo.gov/env/apcp/public-notice.htm>. This information will be available at least 30 days prior to the public hearing date.

The Department will accept written or email comments for the record until 5 p.m. on May 7, 2015. Please send written comments to Chief, Air Quality Planning Section, Air Pollution Control Program, P.O. Box 176, Jefferson City, MO 65102-0176. Email comments may be

submitted via the program web site noted above. All written and email comments and public hearing testimony will be equally considered.

Citizens wishing to speak at the public hearing should notify the secretary to the Missouri Air Conservation Commission, Missouri Department of Natural Resources, Air Pollution Control Program, P.O. Box 176, Jefferson City, Missouri 65102-0176, or telephone (573) 526-3420. The Department requests persons intending to give verbal presentations also provide a written copy of their testimony to the commission secretary at the time of the public hearing.

Persons with disabilities requiring special services or accommodations to attend the meeting can make arrangements by calling the Program directly at (573) 751-4817, the Division of Environmental Quality's toll free number at (800) 361-4827, or by writing two weeks in advance of the meeting to: Missouri Department of Natural Resources, Air Conservation Commission Secretary, P.O.
